

***Interview Summary Comments***

Applicant's representative, attorney, Raymond Cardillo registration# 40440 stated that prior art, 2005/0163130 did not show classifying a packet, packet group and reserving bandwidth as indicated in claims 1, 2, 5 and figures 10 and 12. Examiner stated that in paragraph [0015] of the prior art, packet was classified using the packet identifier from the packet header which was added to each packet (in a group) with the packet guaranteed bandwidth. Examiner will consider applicant's amendments in the further prosecution of this application.
